## 1. Detailed Description of the Programme

Under the guidance of the Principal, Professor **B. M. Pandey**, a Speech Competition on the theme “Sustainable Development and Climate Action” was organized at Government Post Graduate College, Berinag, Pithoragarh, under the All India Education Summit. The programme was jointly organized by the Department of Economics and the Department of Political Science. The programme was presided over by the officiating Principal, Dr. Mahesh Pandey.

The programme commenced with an introductory address by Ms. Rashmi Selwal, Head, Department of Economics. Thereafter, Mrs. Santoshi from the Department of Political Science expressed her views on the theme and highlighted concerns related to the prevailing climate crisis. The students participated enthusiastically in the competition and presented their views, suggestions, and perspectives on various dimensions of sustainable development. The participants particularly highlighted environmental protection, social equality, economic development, and public awareness.

Gaurav Pathak, Anjali Bora, Muskan, Megha Pant, Jyoti, Lalit Singh, Lakshya Rautela, Preeti, and Mansi participated in the competition and performed commendably. The judging panel comprised Dr. Hemlata Danu, Dr. Deepti Mishra, and Dr. Kavindra Bora. The judges evaluated the participants and selected the winners.

Dr. Mahesh Vishwakarma provided important technical support for the successful conduct of the programme. All faculty members and staff of the college were present. The programme aimed to develop awareness among students regarding sustainable development, climate change, environmental protection, and social responsibility, while providing them with a platform for independent and logical expression on contemporary issues. The programme concluded successfully.

## 2. Major Outcomes of the Programme

- **Increase in Awareness:** Students developed greater understanding and awareness of sustainable development, climate change, and environmental protection.
- **Development of Communication and Logical Skills:** The students received a strong platform to present their views and suggestions independently, logically, and effectively on contemporary environmental, social, and economic issues.
- **Strengthening of Social and Ethical Responsibility:** The programme strengthened participants' sense of responsibility and active engagement towards environmental protection, social equality, and public awareness.
