Action Taken Report on Student's Feedback  
Session 2021-22

दिनांक 06-08-22

Action Taken report by Feedback Committee and is routed via:

IQAC

Principal

Various Departments

The report is finally submitted to principal and is uploaded on college website.

The Feedback Analysis Committee of the college, appointed by IQAC, collects feedback response, a set of questionnaires, from its stakeholders to monitor and evaluate its performance quality on curriculum and curriculum related issues. The feedback forms were collected from students, and faculty member. Students who offered feedback were from all departments of college.

The feedback targets following different content for different stakeholders:

For students, it addressed completion of curriculum, quality of teaching, communication skills, internal evaluation process, sharing of student's entire performance with students, college multiple supports in various areas like promoting internship, student exchange, field visit, mentoring process, faculties ability to identify their strengths and weakness and support in this one, extracurricular activities to enhance their skills and professionalism. This feedback also considers other issues like delivery of curriculum by teachers.

For faculty members, the feedback addressed various aspects of curriculum like content, learning outcomes, research oriented, pedagogy, applicability in various competitive exams, skill developments etc. for students.

### Students Feedback:

- Quality of teaching and internal evaluation process are quite satisfactory.
- Fair external and internal examination process.
- More interaction is required.
- No or guest lectures and workshops must be increased.
- Reading space in Library must be increased.
- More attention is needed for ICT activities, IT facility, and Laboratory engagement.

**Faculty Recommendation:**

- The curriculum at the graduate level should focus more towards practical learning and skill development. Whereas, the curriculum at the post-graduate level should strictly be research oriented and facilities should be provided for the same.
- Several members for meeting of Board of studies should be incorporated from different universities.
- Curriculum should be review time to time as per student's needs with current scenario.
- Curriculum must contain computer programming and software's.

**ACTION TAKEN REPORT FOR SESSION 2021-22:**

<b>Feedback</b>	<b>Action Taken</b>	<b>Impact</b>
As per received feedback, students are quite happy with quality of teaching, evaluation process.	Faculty members have decided unanimously that extra efforts must be carried out for enhancing their skills in regular intervals	It encourages the moral of faculty members
Students suggested more interaction with faculty members is required to enhance student's skills in their fields.	Instructions were passed to all the faculty members for addressing the issue of increasing interactions in small groups and mentorship program were made compulsory along with regular lectures.	It is reflecting in developing skills.
More attention is needed in the areas of ICT activities, Laboratory engagement for practical learning, and IT facility for students.	Instructions were passed to all the faculty members for aiding ICT in class teaching and increasing Lab timing.	More efforts are made by the faculty members in respective areas.
Reading space in Library and number/range books must be reflected in public.	Reading room is set up by college administration and list of books is uploaded in the college website .However, because of limited space we can extend it.	Students are being benefitted.
External members from other universities in Board of studies and research oriented curriculum PG student's related material, whereas at graduate level more attention is required on practical learning and skill developments	I. For these matters correspondence were done with university. II. It reflects in NEP-2020 syllabus.	Result is yet to come.
Curriculum must contain computer programming and software's.	Department of chemistry is running a value aided course on Computer	Problem resolved
