## Action Taken Report on Student's Feedback
## Session 2022-23

Action Taken report by Feedback Committee and is routed via:

IQAC

↓

Principal

↓

Various Departments
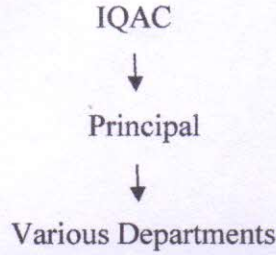

The report is finally submitted to principal and is uploaded on college website.

The Feedback Analysis Committee of the college, appointed by IQAC, collects feedback response, a set of questionnaires, from its stakeholders to monitor and evaluate its performance quality on curriculum and curriculum related issues. The feedback forms were collected from students, and faculty member. Students who offered feedback were from all departments of college.

The feedback targets following different content for different stakeholders:

For students, it addressed completion of curriculum, quality of teaching, teachers approach, communication skills, internal evaluation process, sharing of student's entire performance with students, college multiple supports in various areas like promoting internship, student exchange, field visit, mentoring process and follow-up, faculties ability to identify their strengths and weakness and support in overcoming the weakness, extracurricular activities to enhance their skills and professionalism, use of ICT tools and Multimedia, and examination process of affiliating university. This feedback also considers other issues like delivery of curriculum by teachers.

For faculty members, the feedback addressed various aspects of curriculum like content as per theoretical and practical knowledge, learning outcomes, research oriented, pedagogy, applicability in various competitive exams NET/GATE, skill developments, global standards, scope of improvement of curriculum, student's representations in designing in curriculum etc. for students.

- Very satisfied during class teaching.
- Satisfied with internals and externals evaluation.
- Good compliments were given to faculty members.
- Adequate time for interaction should be given to students.
- Use of ICT, IT facility, Library space related issue, conduction of more workshops and seminars are required.

## Faculty Recommendation:

- Curriculum should be reviewed time to time as per needs.
- Incorporation of external members in BOS committee.
- IT skills must be there in curriculum
- It should be designed as per current scenario.
- Curriculum must include practical applicability at graduate level and research oriented syllabus at PG level.

## ACTION TAKEN REPORT FOR SESSION 2022-23:

| Feedback | Action Taken | Impact |
|---|---|---|
| Students are quite happy with quality of teaching, evaluation process. | Formal instructions have been circulated among departments that extra efforts must be carried out for enhancing their skills in regular intervals. | Feedback encourages the moral of faculty members |
| In feedback data, students suggested more interaction with faculty members is required to enhance student's skills in their fields. | Formal instructions had been passed to all the faculty members for addressing the issue of increasing interactions in small groups and mentorship program were made compulsory along with regular lectures. | It is reflecting in developing skills. |
| Use ICT activities, Laboratory engagement for practical learning, and IT facility for students must be increased. | Instructions were passed to all the faculty members for aiding ICT in class teaching and increasing Lab timing. | More efforts are made by the faculty members in respective areas. |
| Library should have large space, and number of books must be reflected in student's domain. | A reading room is set up by college administration and list of books is uploaded in the college website .However, because of limited space we can extend it. | Students are being benefitted. |
| In feedback data, external members in BOS committee was suggested. Moreover, research oriented curriculum for PG students, and practical learning & skill developments at UG level were also expected. | I. For these matters correspondence were done with university. II. It reflects in NEP-2020 syllabus. | Result is yet to come. |
| Incorporation of computer knowledge in curriculum of all students. | Department of chemistry is running a value aided course on Computer Literacy. | Resolved |
